COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen met in regular session Monday evening, July 17, at the Bethel Savings Bank Meeting Room and acted on a long and varied agenda.

Upon the recommendation of the Manager, the Board voted to pay the E. C. Jordan Co. \$7,788.50 for engineering services during the construction of the treatment plant in 1978. The remaining invoices will be paid upon receipt by the town of outstanding federal and state grant funds.

Dot and Gary York met with the Board to discuss the possible purchase of the Nathan Nichols lot between Martha's and the railroad. They proposed to use this land for additional parking for the restaurant. It was decided that the Town Manager would draft a quit claim deed with certain stipulations, that Mrs. York would have the parking area would be set up and that further discussions would take place at the next meeting, Aug. 21.

After an interview, Gordon Gilles was appointed to a three year term as a member of the Town's Appeals Board.

The Board spent considerable time discussing proposed changes to the Special Amusement Permit Rules and Regulations with Attorney Gilles. Several changes were made and the Manager was directed to have the Rules and Regulations reprinted and set a public hearing on them for Aug. 31.

After discussion, the Board directed the Manager to send a letter of support to the Androscoggin Valley Regional Planning Commission indicating the Town's support.

SEWER SYSTEM EVALUATION SURVEY UNDERWAY

The scope of Bethel's Infiltration/Inflow Analysis and Facilities Plan has recently been amended to include provisions for a Sewer System Evaluation Survey (SSES). The purpose of the SSES is to define the specific causes of the documented high infiltration and inflow in the sewer system. The specific field work to be completed by Dubois & King, Inc. staff between July 24 and Aug. 9, includes:

1. A house-to-house survey to determine the extent of sump pumps and roof leaders discharging to the sewer system. This work will be accomplished in the afternoon and evening.

2. Dye testing of selected storm sewers and catch basins.

3. Inspection of manholes.

4. Cleaning and TV inspection of a limited amount of sanitary sewer along Main Street.

The additional work is under the direction of Terry G. Lorber, P.E., Project Manager. Field work will be under the supervision of Thomas Weiss, P.E., with David Griggs and Richard Bott providing the field investigations.

Dubois & King, Inc. staff engaged in the field investigations will have a letter of introduction from the Town of Bethel for the house-to-house survey. Property owners are requested to participate by answering questions and permitting inspection of basements for this important phase of the project. The project staff will be asking a few homeowners to allow the installation of a time meter on sump pumps to determine the magnitude of sump pump discharge into the system. The public's participation will assist the Town greatly in this project.

port for their Rural Development Planning grant application.
In consideration of the airport land option, the Board approved a sales agreement with the landowner, Rosenfield Land Co., to extend the closing date to not later than 12 p. m. July 28, 1983. The agreement would also give the landowner one year instead of six months to remove the wood from the property once notice is given.

In other actions, the Board reviewed the June financial statement, the closure of the old dump, and the landfill hours. Stanley Howe was appointed Town Chairman for United Nations Day which is held in October.

The Board reviewed the possibilities of issuing new vehicle registrations and transfers at the Town Office. After discussion the Board voted to have the Manager send a letter to Mark Gartley, Secretary of State, indicating that the Town would be interested in doing this if a more realistic fee were received for this service. The present fee of \$1 for re-registrations is sufficient for that work, however, new registrations and transfers are more time consuming and require additional paper work.

In response to a bill from Henry Westleigh for wood taken during work done on the Old County Road in Albany in 1975, the Board directed the Manager to send the bill to the County Commissioners with an explanation.
On this Thursday evening (July 20), at 7 p. m., the Board will hold a liquor license hearing on the application of Lois E. Weymeyer for a Class restaurant license. Following this hearing, the Board of Assessors will meet for a work session.

REALTOR

Home-Office Deduction

If you use one room of your home as an office, make sure that you are taking advantage of the tax break that is entitled to you. How much of your home office expenses can be taken as a business expense depends on the size of the room in relation to the rest of the house.
For example, if the house has 1,600 square feet of space and the office measures 10 x 16 feet (or 160 square feet), you are allowed 10% of the total running costs of the house's light, heat, repairs, painting, and other maintenance, depreciation, taxes and so on.
But, remember that the room must be used exclusively for business use; preferably as a main place of business, or show that the room was necessary to see clients or patients. Also, expenses cannot exceed the income earned from the business.
Also, if you have any valuable equipment in your home office, don't assume that it will be covered by your regular homeowners insurance policy. You'll need a special floater to protect against loss.
If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel, Phone: 824-2122, 824-2579. We're here to help!

UNDEFEATED BRYANT POND: NOW 9-0

The Bryant Pond girls' softball team kept their undefeated streak going with three more victories over Rumford Point A, West Paris and Rumford.

There was quite a score difference in the previous contest between the two teams. Whereas Bryant Pond scored 44 runs to overcome the Rumford Point A team last time, Bryant Pond scored only eight runs and defeated the team by a score of 8-1. Rumford Points pitcher, Anne Flynn, succeeded in letting Bryant Pond get only seven hits, all singles.

Fine defense was the key to Bryant Pond's victory. Three walks and error to score Rumford Point A's solo run.

Sue Duguay, Betty B., and Jackie Martin went four for six, while Julie Martin went three for four in two doubles. The four girls drove in 19 runs between them.

Sue Duguay succeeded in driving three runs in with her triple, but hopes for a grand slam home run were shattered with a close out at home. Jackie Martin drilled a shot to center field for her first home run of the season, tying her in that respect with her sister and trailing Nancy Savage who leads the team with two.

Errors again caused the difference in the Rumford game on Thursday and offensive power saved Bryant Pond again with Betty B. driving a shot over the left field fence to drive in three runs and six runs total in the ball game. Other steady hitters were Suzette Wing (three for four) with two doubles and Jackie Martin (four for four) with two doubles and her second home run of the season. A fantastic triple play by the Bryant Pond team was made in one inning. Errors caused the lead to slim down to three runs, but fortunately, the Bryant Pond girls prevailed 26-16.

Bryant Pond plays Mexico, Rumford Point B next week and ends their 12 game season on July 26 with Greenwood. Hopes for the league tournaments on Aug. 5-6 look good.

We had a gloomy week end. Mollycoddett Day was more or less rained out Saturday. Just as the parade was about to start we had a downpour, postponing the events until Sunday. The gardens really need the rain, so this is the way things are. A sunbather at the beach wants hot weather, and at the same time, a farmer working in the fields, would like fair weather but not so hot. Isn't it good that individuals do not have control of this so important a part of our lives.

Tuesday, the 11th, Mr. and Mrs. Homer Smith and Andy, went to Acadia National Park, Bar Harbor and rode up Cadillac Mtn. They also went to Ft. Knox State Park. Friday Mr. and Mrs. Homer Smith and Andy went to their sons and wife, Mr. and Mrs. Kerry Smith, Fairlee, Vt. After spending the night, Mr. and Mrs. Kerry Smith, Homer and Andy, went to Fenway Park, Boston, to see the Red Sox-Minnesota game (Red Sox won) and the Homer Smiths and Andy came back Sunday.

Most everyone went to Mollycoddett Days either Saturday or Sunday. Mrs. Barbara Baudou, Mr. and Mrs. Ernest Angevine's daughter, designed a float on which Sheri, Kristy and Timmy Angevine, Francis and Nathan Baudou, rode. This was a float on saving the fish in our river.

Christopher and Amy Laban, children of Mr. and Mrs. John Laban, rode on Tom Carter's float.

Victor Coolidge's niece, Pam Bean, was Miss Mollycoddett.

Misty, daughter of Mr. and Mrs. Jeff Hutchins, celebrated her birthday July 13. Both sets of grandparents, Mr. and Mrs. Harold Hutchins and Mr. and Mrs. Harold Conner helped her entertain. Cake and ice cream were served.

Other birthdays July 17 were Joyce Stearns and Judy Coolidge. The 18th was Victor Coolidge.

Mr. and Mrs. Harlan Hutchins entertained at a lobster feed at their home. Attending were Mr. and Mrs. Jeff Hutchins and daughters, Mr. and Mrs. Harold Conner and Mr. Conner's mother, Ruth Wilkinson.

Saturday night Mr. and Mrs. Victor Coolidge and girls spent with Mr. and Mrs. Chuck Mason and children.

Mr. and Mrs. Frank Benson went to their daughter's and husband, the Davis Kimballs, Waterford, for supper.

Mr. Steve Anderson and two boys spent the 7th, 8th and 9th at Sandy Smith's home which is on Lake Winnepesaukee. As it was

MAINE ANTIQUE POWER NOTES 5th ANNIVERSARY

The Maine Antique Power Association will mark its Fifth Anniversary on July 22-23 with a public display at its museum at Owls Head Airport, Rockland. On Saturday, some members will also be appearing at Warren for a small show there.

In addition to the MAPA show the same ticket will cover admittance to the Owls Head Transportation Museum with their antique planes and autos.

The Maine Antique Power Association has just two large shows left on its summer schedule: the 5th Anniversary Show this week end at Owls Head Airport, Rt. 73, between Rockland and South Thomaston and the Annual Antique Rally Days at the same location on Aug. 12-13 in conjunction with the Owls Head Transportation Museum and the Maine Obsolete Automobile League.

Mrs. Wanda Ryerson and Keith, Liverpool, N. Y., spent last week visiting relatives in Bethel and West Paris. S/Sgt. Craig Ryerson joined them on the week end and they all returned home on Sunday.

Mr. and Mrs. Evans Wilson of Orono arrived last Friday to visit relatives and friends in town. Sunday they attended the Church family reunion in Buckfield and on Tuesday went to South Hiram to visit with Mrs. Irving Blowers (Helen Anderson) of Oregon, who is visiting her family in Maine.
